The American Gladiolus Society

Promoting the Culture and Development
of the Gladiolus

In this society will be found the principal growers of the world but its membership is not limited to professionals, as many amateurs and private gardeners enjoy its advantages and pleasures including the annual Flower Show where may be seen all that is worth while in Gladiolus.

The society is growing rapidly. Now it boasts 4,000 members and bids fair to pass the 5,000 mark within this year.

We now publish a monthly magazine the A. G. S. "Review," and send it free to every member. It is attractive, interesting, and worth more than the cost of the membership. As the society grows its opportunities grow for further advancing the cause of the gladiolus. Every lover of flowers, especially of the Gladiolus, should join us. You may send directly to Rosco A. Huff, Sec'y, Goshen, Indiana.
